Bold: graded courses

Italics: Total ECTS

- There is a total of 120 ECTS required in the BA Major curriculum; of these, 85 ECTS must be graded.
- The Language Module and Core Curriculum must be completed and passed before moving on to Specialisations and Extensions courses (except elective courses/*Wahlbereich* and Induction Phase tutorials).
- The Advanced Readings in Linguistics and Literature exam must be completed and passed before the final registration for the BA Thesis.
- The Focus Module (in the Focussing Phase) comprises both an ungraded lecture and a graded seminar (corrected May 2024).
- The lectures Earlier Englishes and Literary History address central aspects of cultural sustainability (also known as the fourth pillar of sustainability). Moreover, they participate in the discussion of the global standards of sustainability as defined by the UN General Assembly.
- Optional credits (Extensions) have to be acquired either in any of the courses on offer within the department or by independent work (the latter subject to approval), or outside of the department (elective courses/*Wahlbereich*, graded).
- **Combination rules:** Modules generally have to be completed within one academic year, Focus Modules within one semester. In exceptional cases (subject to approval), the Research Module can be done within three semesters.
- One of the lectures taken (either from Specialisations or Extensions) must be a lecture flagged as “pre-1800”. The pre-1800 lecture can include Focus Module lectures which are flagged as pre-1800: these are marked with a small *18* in the timetable.
- A maximum of two tutorials can be counted towards your degree.
