

Welcome Apéro 2020

University Library Bern

The University Library Bern (UB) supports research, teaching and education at the University of Bern and provides open and sustainable access to scientific information.

General University Library Services

Libraries:

The University Library Bern comprises 29 libraries (institute and faculty libraries as well as the Münstergasse Library). Find your preferred library on our interactive map.

www.unibe.ch/ub > EN > Faculty libraries

Collection:

The UB makes available millions of printed and electronic media. Our electronic collections are accessible via the university network or via VPN. www.unibe.ch/ub/datenbanken > EN Databases (for VPN see «Off-campus Access»)

Search:

We have different search tools and services to help you find and get the books, journals, articles and other research material that you need. Our main search tool is the online catalog «Swissbib Basel Bern».

www.unibe.ch/ub > Research

Using the Library:

Physical media from the UB libraries, from libraries in Switzerland or abroad can be ordered for pick up at any of our courier libraries.

www.unibe.ch/ub > EN > Services > Borrowing

Services for Researchers

Open Science: The UB provides advice and support with your publication process, particularly in open access, and with your research data management and data management plans.

www.unibe.ch/ub/openscience > EN

Publishing:

The UB Bern supports you with your Open Access publications. You can apply to our publication fund to finance your Open Access Gold publications. And our Read-&-Publish contracts with publishers such as Elsevier and Springer offer you to publish your work in Open Access for free.

www.unibe.ch/ub/openaccess > EN

Consultation and Support:

Specialists of the UB provide advice and support to meet your specific information needs

www.unibe.ch > EN > Research > Subject information > Services > Electronic publishing

Services for Lecturers

Digital Course Material:

The UB provides digitized course material for the teaching staff of the University of Bern. The digitized journal articles and book sections are uploaded onto ILIAS, the university's e-learning platform.

www.unibe.ch/ilub > EN > Services > Digital Course Material

Custom-Made Tutorials:

We provide tailor-made tutorials to meet the needs of diverse academic fields, added to the curriculum on request.

www.unibe.ch/ub > EN > Services > Courses

Services for Students and Doctoral Students

Study Places:

The UB offers many inspiring places to study and collaborate. We have group study rooms and individual study spaces. Find your place using the online tool.

www.unibe.ch/ub/arbeitsplatz > EN

Research Workshops and Tutorials:

Our courses cover a variety of topics including search strategies, reference management, academic writing, and publishing.

www.unibe.ch/ub/kurse > EN

Services for the General Public

A Window:

The libraries of the University of Bern are open for everyone. Our exhibitions and events are a window to our University.

www.unibe.ch/ub > EN > Research > Digital Collections > Services > Exhibitions and events

Newsletter:

Let us keep you informed about our services (in German).
