

Masterarbeitsthemen

| Nachname | Vorname | Titel | Sprache | Jahr | Leitende Person | Co-Leitende Person |
|---------------|------------------|---|-------------------|------|---|---|
| Alli | Safa | Formulation and optimization of NCAM-1 targeted liposomes: in vitro testing | Englisch | 2021 | PD Dr. Michele Bernasconi, PhD. | Dzhangar Dzhumashev |
| Anliker | Jana Salome | Markers of Complement and Coagulation in Diabetes Patients Treated with Dapagliflozin | Englisch | 2021 | Prof. Dr. phil. Verena Schröder | |
| Aregger | Raphael Valentin | The effects of ACSL3 inhibition in KRAS and PI3K mutated cell lines | Englisch | 2021 | SNF Prof. Dr. Georgia Konstantinidou, PhD | Maria Saliakoura |
| Ban | Nicolas David | Potential interactions between exercise and drug therapy in older adults. A narrative review of the literature. | Englisch | 2021 | Dr. Patricia Chocano-Bedoya, MD PhD | Dr. sc. nat. Stephen Jenkinson |
| Bürgi | Flavia Lara | Pharmacokinetics and pharmacodynamics of prophylactic single doses of the direct oral anticoagulants rivaroxaban (Xarelto) and apixaban (Eliquis) in patients with compensated liver cirrhosis | Englisch | 2021 | Guido Stirnimann, MD | |
| de Meuron | Louise | Inflammasome Signaling in Aging and Leukemia | Englisch | 2021 | Prof. Dr. phil. nat. Ramanjaneyulu Allam | Dr. med. et phil. nat. Nicola Andina |
| Dieffenbacher | Moritz Andreas | A Tale of Silicon in Biocatalysis | Englisch | 2021 | Prof. Francesca Paradisi | |
| Dürr | Fabienne Lisa | Medikation im Hospiz-Setting: Eine erste Datenerhebung in Schweizer Hospizen und hospizähnlichen Strukturen mit einem Fokus auf Off-Label-Anwendungen und der subkutanen Gabe von Arzneimitteln | Deutsch | 2021 | Dr. phil. II Carla Meyer-Massetti | Ursina Wernli |
| Emre | Cemal Hasan | Fetuin-A for the treatment of renal disorders – pharmacokinetic studies to determine dosage and application route | Englisch | 2021 | Prof. Uyen Huynh-Do | Dr. Stefan Rudloff |
| Gretz | Andrea Svenja | Impact of Bariatric Surgery on Endocrine Counterregulation to Postprandial Hypoglycaemia | Englisch | 2021 | Prof. Lia Bally, MD PhD | Dr. David Herzig (Abteilung UDEM) |
| Gund | Sophie Charlotte | The Role of the Mitophagy Mediator NIX (BNIP3L) in DMTF1β Mediated Autophagy and Migration in Breast Cancer Cells | Englisch | 2021 | Mario P. Tschan | Dr. Nicolas Niklaus |
| Günter | Arlene Jeanne | Machine Learning for the Prediction of Drug induced Liver Injury Patterns | Englisch | 2021 | Felix Hammann, MD PhD | Dr. phil. Verena Schöning |
| Löwinger | Dimitri Manuel | Attitudes and intentions of pharmacists towards the controlled distribution of non-medical cannabis in Swiss pharmacies: a survey study | Englisch | 2021 | Prof. Dr. med. Reto Auer | Prof. Dr. phil. Alice Panchaud |
| Mäder | Raphael Dimitri | Optimierung der Anwendung des Risiko-Assessment Tools doMESTIC Risk | Deutsch | 2021 | Dr. phil. II Carla Meyer-Massetti | Estelle Kaiser |
| Marxer | Rosanne Angela | Design of novel lipid-based solid oral formulations for the therapy of liver fibrosis | Englisch | 2021 | Prof. Dr. Paola Luciani | Ivo Skorup |
| Matic | Andrea Tamara | Komplementär- und Integrativmedizinische Arzneimittel in der Phytotherapie, Homöopathie und anthroposophisch erweiterten Medizin bei der neurologischen Erkrankung «Multiple Sklerose» unter besonderer Berücksichtigung pharmazeutischer Herstellungsprozesse und Patient*innenperspektive. Ein systematischer Review. | Deutsch | 2021 | Prof. Dr. med. Ursula Wolf | Dr. Eliane Timm |
| Moser | Janine | Investigation of the activation capacity and specificity of novel Chimeric Antigen Receptor (CAR) constructs targeting surface proteins on Rhabdomyosarcoma | Englisch | 2021 | PD Dr. Michele Bernasconi, PhD. | Andrea Timpanaro |
| Mulder | Fanny | Counselling for chronic insomnia in Swiss pharmacies: a survey study based on case vignettes | Englisch (French) | 2021 | Prof. Dr. med. Reto Auer | Dr. phil. II Carla Meyer-Massetti |
| Müller | Anina Sabrina | Impact of Bariatric Surgery on Metabolic Counterregulation to Postprandial Hypoglycaemia | Englisch | 2021 | Prof. Lia Bally, MD PhD | Dr. David Herzig (Abteilung UDEM) |
| Mustafa | Adelina | Development of a Sustained Release Formulation of Buprenorphine for Animal Studies | Englisch | 2021 | Prof. Dr. Paola Luciani | Gregor Bordon |
| Pulfer | Livia | The Role of XIAP in the Regulation of GM-CSF Signaling and Effector Functions of Mouse Neutrophils | Englisch | 2021 | Prof. Dr. Thomas Kaufmann | |
| Robbi | Andrea Rudolf | Generation, Validation, and Comparison of 2nd and 3rd generation Chimeric Antigen Receptors (CARs) targeting CD276 in Rhabdomyosarcoma cell lines | Englisch | 2021 | PD Dr. Michele Bernasconi, PhD. | Andrea Timpanaro |
| Schütz | Nico Manuel | Binding target identification of imperatorin in neuronal cell lines | Englisch | 2021 | Prof. Dr. Jürg Gertsch | |
| Stegmann | Patricia Deborah | The Interplay of the Transcription Factor DMTF1β and the Mitophagy Receptor BNIP3 and its Effect on Autophagic Activity and Migration in Breast Cancer Cells | Englisch | 2021 | Prof. Dr. phil. nat. Mario P. Tschan | Dr. Nicolas Niklaus |
| Waltersperger | Sandro Marco | The Structural Determinants of Nephrotoxicity of Small Molecular Drugs | Englisch | 2021 | PD Dr. med. Felix Hammann | Dr. phil. Verena Schöning |
| Wicki | Julia | Point of no return in acute tubular necrosis - Kinetics of tubular markers | Englisch | 2021 | Prof. Uyen Huynh-Do | Dr. Stefan Rudloff / Dr. Ricardo Villa-Bellosta |
| Zekaj | Gjem Adam | Algorithm-supported Drug Safety Screening in hospitalized Patients (incl. COVID-19 patient cohort) | Englisch | 2021 | Prof. Dr. med. Manuel Haschke | |
| Balli | Fabien Yves | Profiling of Cannabis sativa chemotypes for the characterization of medical cannabis | Englisch | 2022 | Prof. Jürg Gertsch | Dr. Simon Nicolussi |
| Brügger | Yvo Andreas | Combination therapy to increase efficacy of the BCL2 inhibitor Venetoclax in the treatment of acute myeloid leukemia | Englisch | 2022 | Prof. Thomas Pabst | PD Dr. Katja Seipel |
| Chau | Linda Diem | Evaluating the use and deprescribing of potentially inappropriate prescribed proton pump inhibitors in Swiss primary health care settings: A qualitative study with patients | Englisch | 2022 | Prof. Dr. med. Dr. phil. Sven Streit | Dr. phil. Katharina Jungo |
| Curschellas | Evelyn Cathrine | Dissecting adrenal steroid export: the role of ABCG transporters. | Englisch | 2022 | Pignatti Emanuele | Prof. Christa E. Flück |
| Erol | Cigdem | Scoping Review of vitamin D supplementation and screening in general population and multimorbid older patients: current treatment patterns | Englisch | 2022 | Dr. med. Elisavet Moutzouri | Estelle Kaiser |
| Fasler | Sibylle Pia | Effects of Broncho-Vaxom on the Anti-Rhinoviral Response of Nasal Epithelial Cells | Englisch | 2022 | Loretta Müller | Dr. phil. nat. Emilie Seydoux |
| Habegger | Tamara | Diverse Inflammasome Signaling and Implications in Aging | Englisch | 2022 | Prof. Dr. phil. nat. Ramanjaneyulu Allam | Dr. med. et phil. Nicola Andina |
| Harmanci | Melisa | Studying barriers to and enablers of collaboration and communication related to deprescribing in community-dwelling adults with polypharmacy who use home care services | Englisch | 2022 | Prof. Dr. med. Dr. phil. Sven Streit | Dr. phil. Katharina Jungo |
| Henz | Nicole Christin | Analyse des Einsatzes von potenziell unangemessen verschriebenen Protonenpumpenhemmern in der Schweizer Grundversorgung - Eine quantitative Studie | Deutsch | 2022 | Prof. Dr. med. Dr. phil. Sven Streit | Dr. phil. Katharina Jungo |
| Huwlyer | Felix | Mode of Action of Antitrypanosomal Coumarins against Trypanosoma cruzi | Englisch | 2022 | Prof. Dr. Jürg Gertsch | Sandhya Krishnan |
| Illi | Nadine Sabrina | Medikationsschulungen beim Spitalaustritt - eine qualitative Studie mit Patient:innen und Gesundheitsfachpersonen | Deutsch | 2022 | Dr. phil. II Carla Meyer-Massetti | Prof. Dr. med. Manuel Haschke |
| Jamshidi | Mohammad | Lung-on-a-chip platform for inhalation drug screening | Englisch | 2022 | Prof. Dr. Olivier Guenat | Dr. Arunima Sengupta |

| Nachname | Vorname | Titel | Sprache | Jahr | Leitende Person | Co-Leitende Person |
|--------------|-----------------------|---|----------|------|--|---|
| Jenni | Ladina | Induction of ferroptosis as a novel therapeutic strategy for myeloid neoplasms | Englisch | 2022 | Dr. Tata Nageswara Rao | Dr. Amiq Gazdhar |
| Koller | Sophie Leonie | Using induced pluripotent stem cell (iPSC) technology to understand the ultra-rare metabolic disease malate dehydrogenase 2 (MDH2) deficiency (MDH2D) and its potential treatment with triheptanoin | Englisch | 2022 | Prof. Dr. med. Jean-Marc Nuoffer | Dr. med. Alexander Lämmle |
| Kühne | Seraina Katrin | Phytochemical analysis of triterpene saponins in Sanicula europaea L. | Englisch | 2022 | Ao. Univ.-Prof. Dr. Sabine Glasi-Tazreiter | Prof. Dr. Jürgen Gertsch |
| Lehmann | Sarah Elisabeth | Smoking Cessation Interventions in Swiss Community Pharmacies: a National Survey | Englisch | 2022 | Prof. Dr. med. Reto Auer | Dr. phil. II Karen Maes |
| Mohd Yatim | Yasmin | Exploring the factors associated with willingness to have medications deprescribed in older patients with multimorbidity and polypharmacy | Englisch | 2022 | Prof. Dr. med. Dr. phil. Sven Streit | Dr. phil. Katharina Jungo |
| Näf | Noah Hannes | Characterising symptom and heart rate variability patterns in patients with post-bariatric hypoglycaemia | Englisch | 2022 | Prof. Dr. med. et phil. Lia Bally | Dr. phil. David Herzig |
| Ovbye | Stephanie Alexandra | Impact of Insulin Sensitivity and Beta-Cell Function on Glycemic Excursions in Patients with Post Bariatric Hypoglycemia | Englisch | 2022 | Prof. Dr. med. et phil. Lia Bally | Dr. phil. David Herzig |
| Penitzka | Stefanie Janina | Impact of nationwide supply shortages on parenteral multivitamins | Englisch | 2022 | Prof. Dr. pharm. Stefan Mühlebach | Prof. Dr. med. Zeno Stanga |
| Schelshorn | Jana Sophie | Evaluation of a drug therapy safety algorithm for the detection of Triple Whammy prescriptions in inpatients at risk of acute kidney injury | Englisch | 2022 | Hendrike Dahmke und Claudia Zaugg | Prof. Dr. phil. II Carla Meyer-Masseti |
| Schmid | Nadine | Evaluating the use and deprescribing of potentially inappropriate prescribed proton-pump inhibitors in Swiss primary care settings: a qualitative study with pharmacists and general practitioners | Englisch | 2022 | Prof. Dr. med. Dr. phil. Sven Streit | Dr. phil. Katharina Jungo |
| Sommer | Anita | Pilotierung eines interprofessionellen, strukturierten Medikationsprozesses im Home Care Setting im Rahmen von doMESTIC RedPIM | Deutsch | 2022 | Dr. phil. II Carla Meyer-Masseti | Estelle Kaiser |
| Stalder | Robin Stefanie | Human mini-brain models: development, characterization and impact of 5G network mobile phone radiation | Englisch | 2022 | Prof. Dr. Meike Mevissen | Dr. Angélique Ducray |
| Stebler | Céline Joëlle | Optimal nutritional correction strategy of post-bariatric hypoglycaemia | Englisch | 2022 | Prof. Dr. med. et phil. Lia Bally | Dr. phil. David Herzig |
| Stojkovic | Arsenije | Vergiftungen mit Deanxit®: Dosis-Wirkungs-Beziehung | Deutsch | 2022 | PD Dr. med. Alexander Jetter | Prof. Dr. med. Manuel Haschke |
| Streit | Lara | Larval zebrafish model for Benzodiazepines-induced neurotoxicity endpoints | Englisch | 2022 | Melody Ying-Yu Hedinger | |
| Uhlmann | Seraina | Einsatz von Onkologika in der Pädiatrie und der Einfluss von Vincristin auf das Gehör | Deutsch | 2022 | Prof. Dr. med. Claudia Kühni | Sven Strebel |
| Wälti | Daniela | Retrospektive Medikationsanalyse in der ambulanten spezialisierten Palliative Care – eine Pilotstudie | Deutsch | 2022 | Dr. phil. II Carla Meyer-Masseti | Ursina Wernli |
| Weber | Jessica Ramona | Development of a release test apparatus for the in vitro testing of novel vaginal dosage forms for endometriosis treatment | Englisch | 2022 | Prof. Dr. Paola Luciani | Sarah Teworte |
| Wihelm | Lea | Development of a novel functional mast cell assay to diagnose allergies | Englisch | 2022 | Assoc. Prof. Thomas Kaufmann | |
| Wittwer | Corinne | The minimum level of coagulation factor XIII required for its haemostatic function | Englisch | 2022 | Prof. Dr. phil. Verena Schröder | Murielle Golomingi |
| Bachmann | Tina | Effects of Vaping on Mucociliary Transport in Nasal Epithelial Cells of Adolescents | Englisch | 2023 | PD Dr. phil. nat. Loretta Müller | Dr. med. Julian Jakob Dr. sc. nat. Remo Frei |
| Bähler | Eva Melina | Identifizierung von Items zur Erfassung der Medikationskompetenz von stationären Patient:innen vor Spitalaustritt | Deutsch | 2023 | Prof. Dr. phil. II Carla Meyer-Masseti | Nicole Schönenberger |
| Bölzli | Marlene | Accuracy of Dexcom G6 continuous glucose monitoring in patients with post-bariatric hypoglycemia | Englisch | 2023 | Prof. Dr. med. et phil. Lia Bally | Dr. phil. David Herzig |
| Chatelet | Guenièvre Anne Sophie | How do primary health care providers want to be involved in research projects? A qualitative study with pharmacists and general practitioners | Englisch | 2023 | Prof. Dr. med. Dr. phil. Sven Streit | Dr. phil. Katharina Jungo |
| Felder | Annina Rebecca | Characterization of the FibreGum Cohort and it's Comparison with Obese Cohorts Worldwide | Englisch | 2023 | Prof. Dr. med. et phil. Maria Luisa Balmer | Valentina Huwiler |
| Fischer | Noemi | MOTIVATE – Motivation of pharmacists to participate in an organized cancer screening program | Englisch | 2023 | Prof. Dr. phil. II Carla Meyer-Masseti | Estelle Kaiser |
| Gammenthaler | Sara | The influence of nebulized OM-85 on ciliary beating frequency and antiviral response of primary nasal epithelial cells | Englisch | 2023 | PD Dr. phil. nat. Loretta Müller | MSC Susan De Groof |
| Grbo | Ilma | Human Monocyte Specific Inflammasome Signaling: Implications for Liposome Mediated Immunotoxicity | Englisch | 2023 | Prof. Ramanjaneyulu Allam | Dr. med. et phil. nat. Nicola Andina |
| Häner | David | Generation and characterization of iPSC-derived dopaminergic neurons to study effects of 5G radiofrequency electromagnetic fields on neuronal development | Englisch | 2023 | Prof. Dr. med. vet. Meike Mevissen | Dr. phil. nat. Angélique Ducray |
| Hostettler | Jasmine Maria | Patient knowledge regarding paracetamol at an internal medicine outpatient clinic at a Swiss hospital | Englisch | 2023 | PD Dr. med. Evangelia Liakoni | |
| Koller | Fabian Samuel | Evaluation and characterization of novel inhibitors against Influenza A virus | Englisch | 2023 | PD Dr. Ronald Dijkman | |
| Mütschard | Anja | Design of pH-Responsive Microtattoo for Physiological Monitoring | Englisch | 2023 | Davide Bramilla | Prof. Dr. Paola Luciani |
| Nick | Fabian Marcel | Identifying challenges and barriers in transitioning to hybrid closed loop systems for adolescents with type 1 Diabetes | Englisch | 2023 | Prof. Dr. med. et phil. Lia Bally | Dr. David Herzig |
| Quach | An Ton | Participatory development of smoking cessation counselling tools for pharmacists in primary care | Englisch | 2023 | Prof. Dr. med. Reto Auer | Dr. phil. Karen Maes |
| Roth | Jana Lea | Characterization and development of a cellular assay to detect allergies | Englisch | 2023 | Thomas Kaufmann | |
| Scanniello | Elisabetta | Knowledge and perceptions regarding nicotine, smoking cessation and electronic nicotine delivery systems among physicians and pharmacists at a Swiss hospital group | Entlisch | 2023 | PD Dr. med. Evangelia Liakoni | Samuel Christen |
